

CLARESHOLM REVIEW

VOLUME 5.

CLARESHOLM, ALTA., JULY 3, 1908.

NO. 18

Towns of Alberta.

Claresholm.

For years before the recent farming settlement in Southern Alberta began, Claresholm was known to the stockmen throughout the province as one of the principal shipping points for the immense herds of range cattle for which Alberta was so famous. But Claresholm has become even more notable as the important centre of a wide wheat-growing area. While some consignments of cattle still go from its stock yards, the volume of grain passing through it to the great markets has put the cattle industry completely in the shade.

No town in Southern Alberta has made more rapid and substantial progress than Claresholm. Where six years ago there was virgin prairie there is now an incorporated town of about 1200 inhabitants and a populous surrounding country. This is due alike to the natural attractions of its situation and soil, and to the energy and enterprise of its leading citizens.

The natural situation of Claresholm is prepossessing. At a distance of 10 1/2 miles westward are the foothills, with numerous high streams and lower valleys coulees, the home of the cattle and horse rancher and increasingly being occupied by the grain raising settler. Eastward stretches a wide fertile prairie, rapidly being settled by thirty homesteads and more fortunate and ambitious farmers. Southwest the country falls in level and across a wide plain, bounding rapidly settling, there is a distant view of an immense spur of the Rockies in the State of Montana.

The soil of the Claresholm district is rich dark loam. The struggle beyond dispute since some of the early ranchers have failed, and others have succeeded, years ago, is a failure. Within all the wheat grains are grown in large proportion, winter wheat has been a specialty in the Claresholm district and every year immense crops of Alberta feed are harvested. This year the prospects for this crop are particularly good, a great deal of the grain being three to three and one-half feet in length and heading out at this date (June 25th).

The town of Claresholm has a reputation for business enterprise all through Southern Alberta. Railway street and the main street, the principal streets, and on these are numerous stores of all kinds. There are two chartered banks—the Commerce and the Union—doing a large business. The legal and medical professions are well and capably represented in the town. In religious denominations the Presbyterian, Methodist, Anglican and Roman Catholic are represented each with thoroughly creditable churches. The leading fraternal orders have lodges. There are three churches, four lumber yards, a Government meat and long-distance telephone exchange, a farmer's rural telephone exchange, and an electric light system. There are a large number of large and handsome residences.

Wm. Moffatt of the lumber firm of Moffatt & Sons. The president of

the Board of Trade is Mr. W. A. Corwell, manager of the Bank of Commerce. Mr. A. B. MacIsaac of the Glenarry ranch, long and favorably known among the ranching community of Alberta, and recently acquired as the lateral candidate for Southern Alberta, is a Claresholm man. The R.N.W.M.P. has an important detachment in Claresholm and Inspector Landis of the same force is resident in the town.

Claresholm has never been hampered but its growth has been steady and constant and has been founded upon the advantages of its soil and its crop records of the past five years. Property prices have never been inflated but have steadily risen.

For intending settlers in Alberta a visit to Claresholm would be well worth while, as it is the centre of what will be one of the richest and most fertile farming and stock-raising areas of the West.

Alterations to Premises.

J. B. Bess, proprietor of the American Restaurant, is making extensive alterations on his premises this week. The back portion of his premises, which he lately used as a kitchen, has been made into a parlour, which he intends to let out to boarders. The rooms are spacious and well ventilated and will compare well with other boarding houses in town.

Mr. Bess, since coming to Claresholm, has made great progress in the way of making his premises first-class restaurant and boarding house, and deserves the hearty support of the public.

Almost Poisoned.

Mr. and Mrs. Wing, who live east of Claresholm about 15 miles had a close call to being poisoned on Sunday last from eating canned tomatoes. Soon after dinner Mr. Wing felt the effects of the poisoning, he immediately started for town in search of a doctor. He was in bad shape when he arrived here, but Dr. Leeson said him well enough to take the return trip. The doctor accompanied him home and found Mrs. Wing in much the same condition as her husband had been. Both are now out of danger. If it had not been for Mr. Wing's prompt action, arranged vessels, a prize of honor to be awarded to the ship which makes the best time. The indomitable, with the price on board, which is one of the fastest vessels in the British Navy will herself run against time, and instructions for the selection of specially picked stokers and artificers have been received at the various naval depots.

Claresholm Defeated.

The Claresholm baseball team lost to Nanton last Tuesday by a score of 10 to 1. This was the first time this season with the local team. Neither team had been defeated so far and considerable excitement could be seen floating around. Both teams played poor ball and the errors made on both sides were too many to keep track of. Both pitchers did good work, but they were poorly backed up and at the finish the game stood 7 to 1 in favor of Nanton.

Never mind boys, better luck next time.

The game of baseball between Staveland and Grathurst at Staveland Tuesday resulted in a win for Staveland by a score of 8 to 11.

Dipping Cattle.

Mr. Duncan Anderson of Edmonton addressed a small meeting of farmers in Mr. Moffatt's office yesterday afternoon in regard to the change of the dipping laws. Under the old law it was necessary to dip all cattle feeding inside the quarantined districts whether diseased or not. This law has been changed and it is no longer necessary to dip cattle which have not been exposed to mange and are not diseased providing they are fenced. Farmers will now be able to treat their own cattle and we give herewith the receipt for hand treating the disease as it appears in Bulletin No. 12, Health of Animals, Mange in Horses and Cattle.

Affected animals should be dipped, the place where the dipping is performed thoroughly disinfected, and the hair burned. The animal should then be well rubbed all over with soft soap, to which a small quantity of kerosene or some similar agent may, with advantage, be added. This should be followed, after a lapse of several hours, by a thorough dressing with the following preparation:

Shilling 2 pounds
Oil of tar 6 ounces
Tars dissolved in 1 gallon.
These ingredients are to be heated gradually together but must not be allowed to boil. This mixture must be rubbed into the skin, at a temperature as high as can comfortably be borne, and allowed to remain on for ten days when it may be washed off and the application repeated.

An Ocean Race.

London, June 28.—For the first time in history three modern battleships will run a race across the Atlantic ocean when the Prince of Wales goes to Canada next month.

The battleships picked to accompany the prince on his trip, will sail from here within several days of the cruiser Indomitable, which will convey his royal highness across the Atlantic, and will endeavor to break all transatlantic records for heavily armed vessels, a prize of honor to be awarded to the ship which makes the best time. The indomitable, with the price on board, which is one of the fastest vessels in the British Navy will herself run against time, and instructions for the selection of specially picked stokers and artificers have been received at the various naval depots.

This new turbine cruiser, which attained a speed of over twenty-eight knots on her late full power trials, is quite capable of winning the blue ribbon of the Atlantic.

Such a demonstration of the speed and capacity of a first class British man-of-war would be of great practical value. It is an open secret that one of the principal objects of these vessels in time of war would be to maintain the food supply of England, by acting as escort to the subsidized Atlantic liners, hence their combination of great speed and immense powers of aggression and resistance.

SABBATH SERVICES—11 A.M. and
7 p.m. Sunday school at 2:30 p.m.
Lesson "Israel says for a King,"
I. Samuel 8, 10-22.

During the month of July the
Wednesday evening service and
the lesson on Sunday will be
"Israel says for a King."

THE COMING QUARTER.

During the coming quarter the
Sabbath school lessons will be from
the Old Testament. During the
past two quarters we have studied
the gospel of John. Now the lessons
will be from the history of Israel,
and the lesson on Sunday will be
Israel's desire for a king.

The story is an interesting one.
Samuel had been "judge" over
Israel, a kind of patriarchal pres-
ident. He had appointed his sons as
his successors. But they were not so
honest or able men as their
father had been and cheated and
oppressed the people. So the people
demanded that a king should be
chosen. In our day it would appear
as a retrograde step to go from a
species of republic to monarchy. But
the whole story is a striking
illustration of the fact that it is not
so much the form of government
that matters as the character of the
men to whose hands are committed
the power and leadership. If these
are men whose hearts devise truth
and righteousness and whose lips
discuss what is wise and just, it
matters little whether the form be
republican or monarchial. The
character of the public men of in-
fluence and power has everything to
do with the prosperity and pro-
gress of any people. And no form
of government will ultimately and
inevitably save a state from distress
and misfortune. If leaders and
legislators are men of false hearts,
unjust dealings and infamous lives.
On the other hand no reward in
money or honor or fame can fully
repay the debt a state owes to wise
and good rulers and legislators by
whatever name they be called.

THE PRESBYTERY MEETING.

The Presbytery of High River
met at Nanton on Tuesday. The
Presbytery is composed of the follow-
ing churches:

Self-sustaining Congregations.

High River.....Rev. J. O. Stewart.

Claresholm.....Rev. P. Henderson.

Augmented Congregations.

Nanton.....Rev. A. C. Bryan.

Stavely.....Rev. T. E. Darling.

Cayley.....Rev. John Maclean.

Ordnained Mission Field.

Little Bow, north.....Rev. J. Fletcher.

Student's Mission Fields.

Beaver Creek.....Rev. Lee Carr.

Claresholm, east.....Mr. D. R. McLean.

Longue Pointe.....Mr. T. E. Henderson.

Willow Creek.....Mr. J. B. Allan.

There was a very good turnout
of ministers and missionaries and
a particularly good representation of
laymen at the meeting on Tuesday.

The Presbytery session began at
1:30 p.m. After short devotional exer-
cises the business was proceeded with.
The chief matters to be dealt
with were:

1. The call from the congregation
of Cayley to Mr. John Maclean.

The call was signed by about twenty
members and twenty-five to thirty
laymen. Four representatives of the
congregation appeared at the
Presbytery to speak in its support
and in support of Mr. Maclean.

The call was a hearty sustained and
Mr. Maclean's ordination to the
pastor of Cayley fixed to take
place there on the 14th of July.

Rev. J. Fletcher to preach, Rev. J. C.
Stewart to address the people, and
Rev. A. C. Bryan to address the
newly ordained minister.

2. The resignation of Rev. J. E.
Darling of Stavely. Mr. Darling

Massey-Harris Machinery.

The first freight train over the C.P.
R. Toronto-Sudbury branch was one
bringing machinery to the west.
There were 43 cars and they were filled
with the product of the Massey-
Harris company, giving very tangi-
ble evidence as to which firm is
meeting the wants of the west in the
way of agricultural machinery. The
following telegram was received by
Mr. W. G. Hunt, manager for the
company in Alberta:

Toronto, Ont., June 15th, 1909.

Massey-Harris Co., Calgary.

Sold train forty-three cars con-
taining over twelve hundred binders
for Northwest, left here to-day.

Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly harmless, that Dr. Shoop tells mother to use nothing else even with very young babies. The whole some green leaves and tender stems of a lung healing mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough and soothes the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. All dealers
